1. MESSAGE FROM OUR CEO

Dear Everyone,

Dedalus is built around five core values: embracing people and challenges, innovation at scale, personal accountability, pursue diversity and inclusion, achieve excellence together. These values inspire and govern all our interactions in the business ecosystem: colleagues and communities, clients and patients, business partners and suppliers, investors and analysts. These values stick with us as we commit to operate continuously with integrity. Through these values we want to realize our vision: a digitally-enabled healthcare ecosystem where all stakeholders actively collaborate across the continuum of care to improve each citizen's health outcomes.

Our values and our Code of Ethics apply to you no matter what role you have in the company.

While you read this Code of Ethics I recommend you to take a moment to reflect on how it apply to your individual role at Dedalus. Think about the daily interaction you have with others, inside and outside the company, the impact on the software you develop, or the projects you run, the deals you're finalizing.

We are constantly committed to build on integrity the highest standards of quality, innovation, safety and environmental sustainability of our software, services and solutions. I'm convinced that integrity is and will remain the basis of our sustainable and successful business.

We fully embrace the EUROPEAN ETHICAL PRINCIPLES FOR DIGITAL HEALTH and the Dedalus Code of Ethics clearly expresses the company expectations as your employer and provides you with practical guidance, examples and references to further useful information. At the same time the Dedalus Code of Ethics can be viewed and used as an official document which evidences our company's commitment towards making a valuable and sustainable impact on society. Your thorough understanding and application of our Code of Ethics is one of the most critical ways we can uphold this responsibility.

Thank you for your dedication to these principles, and for everything you do to help Dedalus being the preferred partner of healthcare ecosystem stakeholders on their digital and cultural transformation journey.

Alberto Calcagno,

Q&A

SHORTLY BEFORE THE LAUNCH OF A NEW PRODUCT, I RECEIVED AN UPDATE ON ITS SPECIFICATIONS. THE DIFFERENCE IS VERY SMALL, CAN I AVOID UPDATING THE PRODUCT SPECIFICATIONS?

No, information on the characteristics of a product, service, solution or software must always be true, accurate and correct. We avoid any form of commercial communication that may constitute misleading advertising and fail to satisfy our customers.

6.3 WE COMPETE FAIRLY

WE PROMOTE ECONOMIC COMPETITIVENESS AND RESPECT FOR THE PRINCIPLES OF FAIRNESS, LOYALTY AND TRANSPARENCY. **WE SAFEGUARD THE VALUE OF FAIR COMPETITION AND REFRAIN FROM COLLUSIVE BEHAVIOR,** PURSUING OUR MISSION AND OFFERING INNOVATIVE SOLUTIONS TO SUPPORT THE PROVISION OF PERSONAL HEALTH SERVICES.

WE GUARANTEE THE UTMOST CLARITY IN OUR RELATIONS WITH AUTHORITIES AND INSTITUTIONS.

We base our conduct on the principles of legality, correctness, integrity and transparency. Contacts with the Public Administration are managed, in accordance with company procedures, by those specifically and formally appointed to deal with and/or maintain business relations with public officials and/or public service officers belonging to those administrations.

- Prohibit and condemn any conduct, by whoever, consisting in promising or offering directly or indirectly gifts and benefits (e.g. money, objects, services, favors or other utilities) to Italian or foreign public officials or public service officers, or their relatives, from which an undue or illegal interest and/or advantage may be obtained;

WHAT IS MEANT BY...

By **gifts and acts of courtesy**, we mean any type of promised benefit, offer or actual reception of money, objects, services, performances, favors or other benefits. Gifts or acts of courtesy and hospitality towards representatives of governments, public officials and public servants can be given, to the extent that the modest value of such gifts or acts does not compromise the integrity, independence, and reputation of either party. In any case, such types of expenditure must be authorized and adequately documented. In the course of business negotiations, requests or relations of any kind with the Public Administration, no action must be taken, directly or indirectly, that may propose employment and/or business opportunities from which advantages may arise, for oneself or for others, to employees of the Public Administration or their relatives or relatives-in-law.

Q&A

CAN I JOIN A PROFESSIONAL COLLABORATION WITH AN EMPLOYEE OF THE PUBLIC ADMINISTRATION WHO PERSONALLY INITIATED A BUSINESS NEGOTIATION WITH DEDALUS THREE YEARS AGO?

It depends. For all relations of professional collaboration, of an economic and/or financial nature that will be entered into with employees or former employees of the Public Administration, or their relatives and relatives-in-law, who in the last five years have personally participated in business negotiations or endorsed requests made by Dedalus to the Public Administration - must be brought to the attention of the HR and Legal Departments. They will carry out their own assessments in the preliminary phase of hiring them. Therefore, in these cases, always inform (in advance and promptly) the HR and Legal Departments.

7. WE PROTECT OUR COMPANY

“WE RESPECT AND PROTECT OUR BUSINESS AND ITS ASSETS, AND **SAFEGUARD CONFIDENTIAL INFORMATION AND INTELLECTUAL PROPERTY**”

WHAT IT MEANS FOR DEDALUS

We work every day to protect our business and our resources. We protect our reputation by acting in accordance with the values and principles set out in this Code.

WHAT WE BELIEVE IN

We believe that the integrity of company data, information and assets is fundamental to protecting our business and our Company. We believe in protecting the confidential information and intellectual property of Dedalus, as assets of irreplaceable value.

We believe that Dedalus' good reputation depends on its history, its actions and our behavior.

WHAT WE EXPECT FROM YOU

That you prepare and communicate data and information accurately, in a timely and transparent manner. That you use company assets correctly and responsibly.

That you ensure the confidentiality of information that is strategic, confidential or related to Dedalus' intellectual property.

That you safeguard the company's reputation and use social media responsibly, knowing that everything we do is public knowledge.

OUR CORE VALUES

7.1 WE ENSURE TRANSPARENCY AND CORRECT
COMMUNICATION OF INFORMATION

WE BELIEVE THAT THE INTEGRITY OF DATA AND INFORMATION IS KEY TO PROTECTING OUR BUSINESS AND OUR COMPANY.

WE ENSURE THAT ALL THE FINANCIAL AND NON-FINANCIAL DATA AND INFORMATION WE PREPARE AND COMMUNICATE IS ACCURATE, TIMELY AND COMPLETE, AND PROVIDES A TRUE REPRESENTATION OF THE FACTS. THIS ALSO APPLIES TO ENTITIES THAT PROVIDE FINANCIAL SUPPORT FOR OUR INVESTMENT DECISIONS.

EVERY DAY WE STRIVE TO...

- Not falsify, omit or alter any company information (statements, reports, publications or expense claims);
- Keep adequate documentary support with respect to the activities carried out, in order to allow an accurate reconstruction of the same.

7.2 WE USE COMPANY ASSETS PROPERLY

WE PROTECT AND MAKE APPROPRIATE USE OF THE COMPANY ASSETS (TANGIBLE AND INTANGIBLE) THAT THE GROUP PLACES AT OUR DISPOSAL FOR THE PERFORMANCE OF OUR WORK, ADOPTING BEHAVIOR THAT PREVENTS THEIR INAPPROPRIATE USE BY THIRD PARTIES.

EVERY DAY WE STRIVE TO...

- Monitor the conditions of use of corporate assets and resources and report any situation that may undermine their integrity;
- Use IT and telematic systems responsibly and in compliance with the applicable regulations and the terms of license agreements;
- Prevent any behavior that could potentially lead to the commission of computer crimes or unlawful processing of data.

WHAT IS MEANT BY...

Improper use of company property and resources means any use of the same for purposes other than the work purposes for which they were assigned. If employees use a company computer, both during and outside working hours, for personal purposes or differently from what is prescribed in the existing policies, they may expose the Company to a reputational risk and loss of data.

WE ALSO PAY PARTICULAR ATTENTION TO THE USE OF SOCIAL MEDIA, WHERE INTERACTIONS ARE AMPLIFIED, DYNAMIC AND VERY FAST. INCORRECT OR IMPRUDENT COMMUNICATIONS COULD SERIOUSLY JEOPARDIZE OUR IMAGE, WHICH IS WHY THE EXTERNAL CHANNELS OWNED BY DEDALUS MAY ONLY BE CREATED AND MANAGED BY THE FUNCTIONS DELEGATED TO DO SO.

8. IMPLEMENTATION MECHANISMS

8.1 GOVERNANCE AND DISSEMINATION OF THE CODE

The Board of Directors and the top management are responsible for promoting, updating and disseminating the Code. The main objective is the knowledge of the values and principles expressed in the Code, as well as facilitating the application and use of the Code of Ethics to all stakeholders.

Supervision of the application of the Code is entrusted to the Legal and HR Departments. The latter coordinates with the competent bodies and functions and has access to the Group's information for the correct implementation and adequate control and monitoring of the contents of the Code. The Legal and HR Departments may also suggest updates and amendments to the Code of Ethics, also based on reports by the Addressees.

In order to guarantee full accessibility to all addressees and stakeholders, this Code is available to all addressees and can be consulted on the internet and intranet sites of the Dedalus Group and its subsidiaries. Each Department Manager, in the context of their activities, ensures the disclosure of the principles contained in the Code both within their own Department and to their business partners, as well as to the other subjects with whom they collaborate with, and are active in proposing amendments and/or updates with. Furthermore, to integrate the culture of the Code of Ethics as much as possible within Dedalus and clarify every aspect relating to its application, specific **training plans** are in place for all company functions.

WAYS OF COMMUNICATION

The Code is brought to the attention of all addressees through appropriate communication activities:

- **To employees** -> at the time of recruitment and in the event of changes or updates;
- **To external collaborators and third parties** -> at the time of formalization of the contract, under penalty of termination of the contract in case of violation of the principles contained in the Code;
- **To the subsidiaries** -> that receive and adopt it.

8.2 REPORTING CHANNELS AND THE PRINCIPLE OF NON-RETALIATION

In cases where we believe someone is violating, or about to violate, one of the principles of the Code of Ethics, we have a duty to report it. Reports may also be made anonymously in order to avoid retaliation. The task of verifying and ascertaining possible violations of the duties provided for in this Code is the responsibility of the Legal Department.

In the event of a breach of the Code, the competent functions, which hold disciplinary power, undertake to impose, with consistency, impartiality and uniformity, sanctions proportionate to the respective

breaches of the Code and in accordance with the current provisions on the regulation of labor relations and contractual remedies provided for under and to the effects of the applicable law.

The Legal Department ensures that the person making the report (the so-called “reporting party”), if identified or identifiable, is not subject to retaliation, discrimination or in any case penalization, and guarantees confidentiality, unless otherwise required by law.

Q&A

WHAT SHOULD I DO IF I AM RETALIATED AGAINST?
