

Dedalus Group: Rachel Dunscombe named Chief Industry Advisor of Dedalus Group.

2022, September 2nd - Dedalus Group, the leading healthcare and diagnostic software solutions provider in Europe and one of the world's largest, today announced that Rachel Dunscombe has been named **Chief Industry Advisor** at Dedalus group.

Rachel has over 25 years' experience in the UK NHS, academia, management consulting and technology industry. For the last five years she has been CEO of the NHS Digital Academy for the UK. In recent years she has also led the Arch collaborative global for KLAS research and supported the big 4 in consulting in Australia, New Zealand, US, Europe and low to middle income countries.

Rachel offers specific expertise in digitising the workforce, the science of successful health technology deployment and open data. She is part of the open standards community and recently was voted to represent individual members and a deputy chair of the OpenEHR CIC , the global board for OpenEHR standards.

Until 2019 Rachel was Director of Digital at Salford NCA Group in the NHS where she achieved the top Digital Maturity under the DMA index which supported the organisations double outstanding CQC quality rating. She has extensive experience in all care settings, regional digitisation and with setting up real world evidence systems for clinical trials. In previous roles she has been a customer of the Dedalus PAS, theatres and clinical systems.

Rachel commented: "I am delighted to join Dedalus which I believe has a unique opportunity globally to digitise healthcare in an open and agile way. I am looking forward to working with the talented and driven teams in order to increase the positive impact of digitisation on healthcare systems".

"We are delighted to announce that Rachel has joined the Dedalus Global Team. She will bring knowledge and skills on policy, standards and health care system trends as well as linkages to global professional networks. Working with the teams she will use this knowledge to create solutions based on emerging needs, market trends and policy", Andrea Fiumicelli, CEO of Dedalus Group, commented. "Rachel will maintain her policy role as AI Council member representing Health for the UK government working to the cabinet office and academic role as Visiting Professor at Imperial College London in the Global Healthcare Policy unit."
