THE FEATURES AN END-TO-END SOLUTION TO YOUR COMPANY NEEDS

- Performance KPIs and dashboards
- Strategic planning and forecasting
- Stock and purchasing
- Multitenant architecture
- Automated pharmacy management
- Online payments and invoicing
- Modular, to fit every need

Dedalus

Life flows through our software

About Dedalus

Dedalus is the leading healthcare and diagnostic software provider in Europe and one of the largest in the world. With its innovative framework of comprehensive and process-oriented solutions, Dedalus enables a revolutionary digital transformation of country-wide Healthcare Systems fully supporting the patient digital journey. Dedalus serves more than 6,100 private and public hospitals across 40 countries, through more than 6,500 highly specialised resources, of which 2,000 are dedicated to R&D activities. We aim to help caregivers and healthcare professionals deliver better care to the communities they serve and for this reason we are very proud of doing a special job, working with healthcare organisations to improve healthcare outcomes for patients.
